Mr. Arlon G. Jacobs, President  
Rush Valley Enterprises, Inc.  
7107 South 400 West, Suite 10  
Midvale, Utah 84047

Dear Mr. Jacobs:

Re: Reclamation of Exploration Sites, ACT/045/015, EXP/045/011,  
EXP/045/021, DOE/045/014 and EXP/049/013, Tooele and Utah  
Counties

I was happy to hear that you've reclaimed the pits and plugged the drill holes at your exploration sites. I have enclosed four maps, for reference purposes, that show those areas that you have done permitted exploratory work. I have also enclosed two copies of the Division's MR-9 Form which you should fill out for all the holes that you've drilled and plugged. We have you listed in our files for having drilled a total of 64 exploratory holes in Tooele and Utah counties. You should also describe briefly what grading and reseeding that you have done in reclaiming the exploratory pits in Section 10, T7S, R3W (5 mile pass area) and in Section 5, T8S, R4W (Tub Hill Mine). Please address this correspondence to my attention.

Division personnel will inspect these exploration sites in the near future to verify the reclamation work that you've done. I wish you luck with your mining activities and look forward to working with you in the future.

Sincerely,

Frank J. Filas  
Reclamation Engineer

jvb
